

Industrial Communication Seminar Agenda

09.30 Registration & coffee

10.00 Welcome Presentation

The objectives of the day will be covered and there will be an introduction to HardwarePT, the main distributor in the UK and Ireland for Brad® Communications from Woodhead Industries - a Division of Molex.

10.15 Industrial Networking Issues and Applications

Guest Speaker Eric Gory, European Product Manager for Molex (incorporating Woodhead Industries, Applicom and SST).

Objective is to educate audience about the different technical points (cabling, infrastructure, communication, etc) to take into account before using an Ethernet fieldbus.

11.00 Coffee Break

11.15 Ethernet Fieldbus Overview

Guest Speaker Eric Gory, European Product Manager for Molex (incorporating Woodhead Industries, Applicom and SST).

Introduction and comparison of the major industrial Ethernet fieldbuses currently used on the market (PROFINET, EtherNet/IP, EtherCAT, PowerLink).

12.00 HardwarePT Solutions

Our Technical Manager, Peter Crozier, will present some application examples including best practice for product selection, network design and system diagnostics.

12.30 Lunch

13.30 Discussion, Demonstration and Q&A Session

An opportunity to join a structured yet open Q&A based session to discuss key issues surrounding Industrial Ethernet with HardwarePT specialists and our guest speaker.

14.00 Closing Address, Prize Draw, and Technical Surgery

One lucky delegate will win an iPod Nano!

A technical surgery will be available after the closing address for delegates requiring more detailed technical discussions

Free Venue Tour is scheduled to take place at the end of the seminar
